This will likely change- I'm still waiting for district instructions,

but this is what we've done in the past:

Formal work = 35-40 % (Art Projects, Exams)

Informal work = 60-65% (weekly assignments, quizzes)

Scoring

- Remember Scores = feedback
- 2. Use the principles of The Keys To Success for evaluating all work submitted by students: Here's the basic idea...

Grading System in a Nutshell

Keys to Success	Excellent	Proficient	Progressing	Needs Improvement
These concepts are used to evaluate your work. Going above and beyond what is "required" is the path to success.	A / 90-100%	B / 80-89%	C / 70-79%	D / 60-69%
	v+ 18-20pt	v 16-17pts	v- 14-15pts	v-- 12-13
Skill A task. There are different levels for all skills. Just because you do it once doesn't necessarily mean you've "mastered" it. Everyone always has room to grow.	high level of understanding you get it	moderate level of understanding you mostly get it	low level of understand- you're close to getting it	Skill missing or not demonstrated enough- can't tell if you get it or not
Craftsmanship How well something is generally made and/or put together. Always protect work from anything that may damage your work and apply appropriate finishing skills	High Quality Well made excellent finishing techniques	Good Quality some minor problems mainly just need practices for improvement	Needs Improvement a little messy Slowing down and taking your time will help improve fastest	Needs lots of improvement very messy Need to put more effort into taking your time.
Creativity How unique /original your idea is compared to others	Unique personal approach to requirements	Blended examples or similar to other work in the class, but tried to make it your own new idea	Similar to Examples but did a little something to make it your own	Copied little, if any, attempt at an new idea.
Effort Evidence of time, energy, and focus put into your work.	Great lots of evidence and is reflected in all keys	Good need to tweak habits a little slow down /speed up	Not horrible but not Ok Need to tweak habits a lot- fixing this this will help improve all keys.	Minimal Very Little evidence. Major changes need to work habits
